

Quarterly Newsletter

October- December

Dear Butterfly School Families,

I think it's safe to say we have officially transitioned into fall and the fall weather changes. Remember, unless the weather conditions are unsafe, we always go outside, so please dress your child appropriately.

Although we have had some staff changes, rest assured your children's schedules, routines and their educational expectations are all still here! I am pleased to inform you we have come full circle with Miss Trauna and Miss Mickey leading the way along my side as the teaching staff at The Agape Butterfly School, which is the same teaching staff we started with when we first opened!

With Agape Love,
Sara Parsons
Program Director
614-205-4457
Tabspk20@gmail.com

Important Reminders:

When dropping off and picking up children you MUST have a mask on. There are two designated spots in the foyer for families to stand and maintain 6 feet in distance. There cannot be more than two families in the foyer area at a time, so if the two spots are filled when you arrive, please wait outside until there is an open spot. When dropping off/ picking up use the intercom or message on the appropriate GroupMe thread notifying us your child is here. A designated staff member will come get your child at the door to check their temperature and allow them to wash their hands before entering or exiting their classroom.

For PFPP families, please make sure you are checking your child in and out DAILY. There is a QR code in the foyer you can use with the Kindersmart Ohio app right from your phone!

Please watch for announcements of upcoming events and programs. We will be doing a food drive and adopt a family; we would love your participation as we try to tie ourselves as a school to the community around us!

For any billing questions please use The Agape Butterfly School corporate/billing thread on GroupMe or email Miss Nikki at tasoh18@gmail.com.

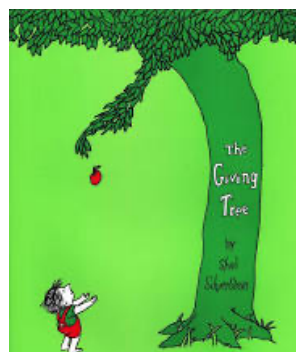

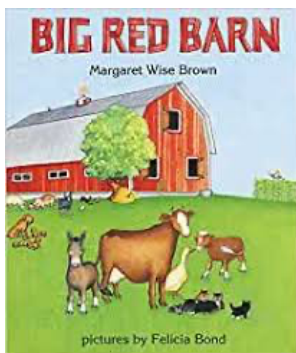

Curriculum Overview:

October: Our focus this month will be on buildings and light. We are going to be taking these back to the basics as we discuss what a building is made out of and what is considered a light. As the kiddos really dig into the Reggio approach with these subjects we will tie them into day to day lives.

November: Our focus is on clothing, boxes, and trees this month and what a better season to do that than to focus on the book *The Giving Tree*! We will also focus on being thankful and how we can give to those around us. We will also tie this in with our food drive. We will learn about how trees grow and what they can be used for, discuss different kinds of clothes and how and when to use them as well as working on our fine motor skills with buttons, zippers, and snaps. Then we'll get creative as we explore all the different ways to use a box!

December: Our focus for this month is bread and lights. Our book of the month is *The Gingerbread Man*. We will be learning the sequences of events in this story, as well as cooking and dressing our own gingerbread people. We will also be exploring with light again and how it can be used!

Important Upcoming Dates:

Month/ Date:	Description:
October
